## SOC Fire Summary

2020 July/August Statewide Fires

Report Date:

8/28/2020

Report Time:

1000

### Air Quality Index Map (airnow.gov) – California Environmental Protection Agency (Cal EPA) as of August 27, 2020 at 2000 Hours:

The California Air Resources Board (CARB) continues to host smoke monitoring coordination calls with the affected air district and air quality agencies. CARB deployed a total of 36 air monitors throughout the state to support local air quality agencies. CARB will continue to develop plans and schedule air-monitoring deployments as needs and resources are identified.

- Cal EPA and CARB coordinated a Mission Task to deploy one (1) Air Resource Advisor to Northern Sonoma County Air Pollution Control District (APCD) to support the LNU Complex Fire. A United States Forest Service Air Resource Advisor has been assigned to the LNU Fire and is expected to arrive in Sonoma County around 1100 hours on August 27, 2020.
- Based on the PM<sub>2.5</sub> and ozone Air Quality Index (AQI) reported, communities in the South Coast, San Joaquin Valley, San Francisco Bay Area, and Sacramento Valley had air quality in the moderate to unhealthy range. Today there is expected improvement of air quality in the majority of areas affected by the fires.
